YOUR EVENT ACCOMMODATION

The Festicabin from All Events

Looking for that little something extra to accommodate the visitors or staff working at your event? If you are, then All Events has created the **Festicabin** in addition to the Festihut. With its clean, modern looks and excellent features, the Festicabin will convince even the most critical visitors.

This freestanding cabin meets all your needs:

■ Compact and yet spacious:

The Festicabin provides enough room to accommodate **two people**.

■ Comfort:

Every modern comfort and convenience has been thought of: **double bed or 2 single beds, RGB-LED lighting** to create a delightful ambience, a **locker** and **storage space** for clothes. Every Festicabin also features a **power socket** and **USB charger**.

■ Secure:

All Events has also thought about the security of your visitor. Which is why every cabin is fitted with a **lockable door**.

But there's more: Festicabins offer nothing but benefits for you:

All Events also handles the transport and installation of your Festicabins:

- With their compact dimensions, **40 Festicabins can fit on to a single trailer**. The cabins can even fit into a sea container and can be shipped to destinations all over the world.
- Festicabins are **fast to install**. This means that All Events will be finished and away from your site in no time at all and so won't get in the way of your staff. We guarantee a **low site impact**.
- It is also easy to combine cabins and so create a **terrace roof**.

Another great additional benefit created by Festicabins: **your visitors stay on-site**.

Interested in our modern Festicabins? Would you like more information?

Then contact All Events today. With more than 15 years' experience in the industry, we'll be able to help you on your way to success.
