

Transversal project (P6) –  
Institutional capacity building

# Objective

P6 aims at enabling the UNILU staff (teaching, research and technical-administrative) to take up the challenge of improving the socio-ecological conditions of the populations living within the KCA

# Aims

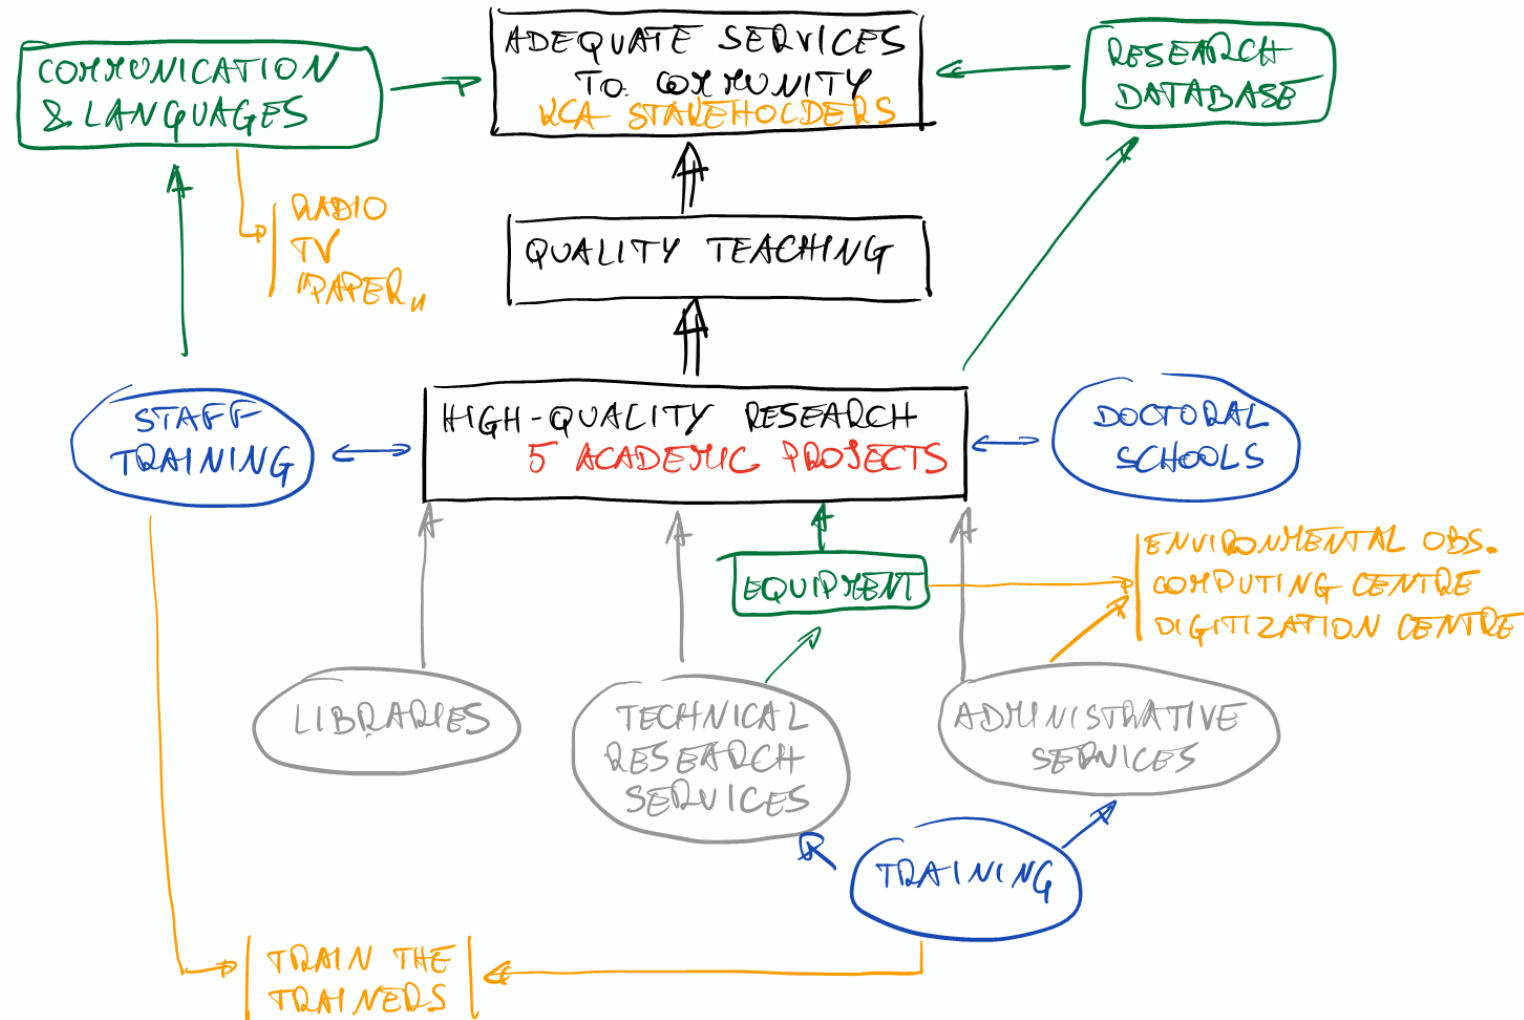

1. Administrative governance
2. Academic governance
3. Research governance
4. Visibility of the UNILU in the region
5. International visibility

# Expected realizations

- Training unit for technical-administrative staff
- Improvement of: RSO, USI, pedagogy unit, doctoral school, computer resources service, library, quality assurance unit
- Creation of a computer centre and a centre for digitization of archives
- Creation of an Environmental Observatory
- Creation of a UNILU radio and television school

➔ *train the trainers and the facilitators*

# Synergy and complementarity with the 5 academic projects

# Domains of expertise
