## Checklist SDG principles

| LNOB | Have you identified which groups are (at risk of being) left behind within the intervention area (country, region) and from what they are excluded?  
Have you analysed why they are left behind and by whom they are excluded (considering intersecting factors)?  
Have you formulated clear definitions or criteria for poverty, marginalization, exclusion, …?  
Does your analysis include the perspectives of those (at risk of being) left behind?  
Have you conducted a gender analysis which examines the differences in women’s and men’s needs, roles and responsibilities, daily routines and activities, and access to and control over resources, services and decision-making, including those that lead to social and economic inequalities? |
| INT | Have you gained a solid understanding of the important interlinkages in the system in which you are working?  
How are these issues linked? What are important co-benefits and trade-offs (e.g. environmental – economic trade-offs)? |

Challenges for the sustainability of the project results after VLIR-UOS funding + possible strategies

What results would you hope to sustain
- at the level of trainees and their professional context
- as an ITP
- Which **post-training activities** could help to stimulate the sustainability of the training and the transfer of the individual skills and knowledges towards the professional context of the trainees?
- How do you expect trainees to **apply the obtained knowledge and skills in their home countries/professional context** and how will this contribute to local institutional capacity building?
- How will the **follow-up after the training** be organised (post training activities, alumni, …)?
**Organisation**

1. Who is involved?
2. How is the project structured/organised?
Who is involved?
Update the information about who is involved in the project in the Excel format. Apart from personnel details, information is requested on the experience and contribution (know-how, expertise, etc.) to the project. Preference: online links to CVs

Budget: value for money

Motivate & elaborate how much will be spent on the different activities and why you choose this repartition + explain co-funding

Particular attention:

(a) any personnel costs,
(b) investment costs or
(c) scholarships that do not fall under the general scholarship guidelines

A minimum of 8 scholarships per training/edition needs to be provisioned

If relevant, identify what parts of the budget will be managed by which partner (Flemish/partner HEI(s)).

For the 10% coordination cost, clarify

(a) 10% coordination cost in Belgium (10% lump sum) or
(b) 5% coordination cost at the level of the Flemish institution + 5% at the level of the Partner institution (if relevant to be subdivided over different institutions).
